

We are looking for a Young QA Professional Engineer (m/f)

#whatwedo

Content Garden Technologies is a 2013 founded technology company with the vision to bring digital advertising to a new age. Native Advertising and Content Marketing is our playground where we are one of the major innovators in digital marketing. We are a young team working with great enthusiasm and dedication to change the digital world and our goal is to develop new advertising opportunities that people will enjoy consuming again.

In order to support our technical team, we are looking for employees to develop our in-house software further.

#whatyoudo

- Use and develop our automation framework and associated tools further
- Design and implement test automation solutions
- Support solutions for continuous integration processes
- Create, execute, monitor and document automated test cases
- Create automatic test data and bear responsibility for automatic test data generation

#whatyouneed

- At least 1-2 years of experience of software development or test automation
- Basic knowledge of software testing and quality assurance
- Understanding of programming languages (Java, .NET)
- Automation tool know-how (e.g. Selenium, Cucumber, Ranorex, ...)
- Experience in using scripting languages (e.g. Javascript, Python) is an advantage
- Knowledge in agile development methods

#whatweoffer

- Teamwork and open discussion of technological developing projects
- Being part of a young and dynamic team
- Possibility of personal and professional development
- Amazing work atmosphere in a pleasant working environment
- In accordance with the collective agreement we offer the minimum salary of 2.518,00 euros gross per month (38,5h / week) for this position. We are willing to offer overpayment according to your qualifications and working experience.
- Flexible working hours and home office

#wannajoin

Sounds good? Join the team and become part of our success story, which you will be able to shape.

Submit your application along with a detailed CV and a motivational letter via mail to jobs@content-garden.com
